PROFESSIONAL SUMMARY

Dynamic and results-driven Front-End Developer and AI Enthusiast with practical experience building high-performance, responsive web architectures. Competent across modern JavaScript workflows, notably React.js and Next.js, matched with hands-on capabilities in prompt engineering, LLM implementation, and custom interface design. Backed by a strong, completed classical educational baseline from Karachi, bringing a mature, dedicated work ethic, high adaptability, and seasoned technical accuracy to elite engineering environments.

TECHNICAL EXPERTISE

FRONTEND	HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS, TypeScript (Basics), Context API, Redux Frameworks
AI ENGINEERING	Streamlit Application Setup, Intelligent Prompt Engineering, OpenAI API Orchestration, LLM Pipelines
DATA & BACKEND	Python Ecosystem, RESTful API Development, Node.js Fundamentals, Relational SQL & NoSQL Structures
DEV TOOLS	Git Version Controls, GitHub, Vercel Automated Deployments, Figma Prototyping, Agile Workflows

PROFESSIONAL EXPERIENCE

Freelance Front-End Developer & AI Solutionist

2024 – Present

Self-Employed Freelancer | Karachi, Pakistan

- Architected 5+ fully responsive, scalable single-page web projects utilizing **Next.js** and **Tailwind CSS**, significantly boosting cross-device user retention.
- Engineered custom AI interface utilities using **Python** and **Streamlit**, connecting localized client applications natively to external cloud LLM APIs.
- Constructed automated delivery tracks via **GitHub** hooks into **Vercel**, driving zero-downtime application continuous integrations (CI/CD).
- Conducted modern UI audits and applied structural refinements that slashed site latency and loading times by an average of 30%.

KEY PROJECTS

AI Qari Interactive Learning Platform

[GitHub](#)

Designed and managed an AI-driven educational portal utilizing interactive language parsing and real-time textual adjustments for optimized learning flows.

Python

Streamlit

OpenAI LLMs

API Engineering

Responsive Senior Developer Portfolio

[Live Link](#)

Crafted an optimized web portfolio highlighting modern design assets, fully compliant with premium core web vitals performance matrices.

Next.js Framework

React Hooks

Tailwind CSS Layouts

Vercel Cloud

EDUCATION

Bachelor of Arts (B.A.)

Completed Degree Program

Wafaqi Urdu Arts College — Karachi, Pakistan

Graduation Timeline: 1985 – 1987 | Academic Standing: Successfully Cleared (C-Grade)

CERTIFICATIONS & LANGUAGES

- **Full Stack Web Development Professional Credentials** – (Verified via Coursera / freeCodeCamp tracks)
- **AI Prompt Engineering & LLM Architecture Specialization** – Deep dive into token controls and model parameters
- **Languages:** Urdu (Native Fluency), English (Professional Working Capabilities)
